

Name: \_\_\_\_\_

**DIRECTIONS:** Solve the 3-digit addition equations without regrouping by drawing base ten blocks (squares, lines, and dots) to solve. Record the sums.

For Example:  
 $433 + 235 = 668$

$519 + 360 =$

$706 + 252 =$

$189 + 710 =$

$552 + 337 =$

$471 + 425 =$

$305 + 273 =$

$533 + 422 =$

$164 + 133 =$

$209 + 480 =$

$182 + 615 =$

$125 + 314 =$

Name: \_\_\_\_\_

**DIRECTIONS:** Solve the 3-digit addition equations with regrouping by drawing base ten blocks (squares, lines, and dots) to solve. Record the sums.

$752 + 152 =$

$244 + 473 =$

$581 + 285 =$

$184 + 735 =$

$293 + 626 =$

$578 + 331 =$

$427 + 192 =$

$533 + 282 =$

$754 + 246 =$

$629 + 104 =$

$108 + 617 =$

$157 + 144 =$
