

Monday, April 13- Below is your Schedule for the day Grade 3's

Good Morning my Beautiful Grade 3 Class! Today I thought we could do a COVID-19 Time Capsule. You are living through History right now and what a better way to document this is through a time capsule book. This book is something that you can create and keep with you forever. One day when your older you can look back at the History and think of all the ways that you helped to make a difference. You can find everything that you need for your Time Capsule on my website. Go to my class website and click on the COVID Time Capsule link. Open it up and complete what you can today. If you don't have a printer, no worries my friends, use whatever paper you have in your house and pencils and markers and create your beautiful time capsule. Remember friends this is your memories of this historical event. Have Fun with this project today and please feel free to email me pics or you can also tweet your learning out to me as well.

After breakfast, write on a piece of paper your 3 positive thoughts that you are going to say to yourself today. Then post it on your fridge.
