

## Thursday, May 28 Below is your Schedule for the day Grade 3's

Hey Grade, 3's!

Today we are going to continue our Theme on Subtraction using NEW mental math strategies. So please enjoy!

After breakfast, write on a piece of paper your 3 positive thoughts that you are going to say to yourself today. Then post it on your fridge.

Next put on Cosmic Kids and start your morning yoga. Or you can do GoNoodle, or whatever brings you peace in the morning.

After yoga I want you to choose your favorite book and either read it to yourself or to an adult. After you finish reading the book, I want you to watch the YouTube Video on Pre-Writing Strategies AGAIN TODAY. Today I want you to complete the FLOW CHART on your book Grade 3's. But first watch the video. In the video it explains everything about the FLOW CHART. This video is at the very end of the video, so scroll through the video until you see the FLOW CHART part. Then stop the video and complete your own FLOW CHART.

Now it is snack time. Go and choose a healthy snack please. After snack, clean-up and go outside for recess. It is beautiful outside today, so enjoy the weather. Do not forget to tuck in your chairs and put your plates away.

I hope everyone enjoyed the fresh air, now its writing time.

Click on the link and I want you to take a dice and roll it on the page and whatever number that it stops at that is the story that you will be writing today. I love this assignment.
