

Tuesday, May 26- Below is your Schedule for the day Grade 3's

Hey Grade, 3's!

Today we are going to continue with our Theme on Subtraction using NEW mental math strategies.

After breakfast, write on a piece of paper your 3 positive thoughts that you are going to say to yourself today. Then post it on your fridge.

Next put on Cosmic Kids and start your morning yoga. Or you can do GoNoodle, or whatever brings you peace in the morning.

After yoga I want you to listen to the story called " My Heart Fills with Happiness" Go to my website for the story. Love is a special feeling that fills your heart. When you are being loving, you help others feel important and loved. Think of all of the special things that fill your heart with love and happiness.....this could be favourite foods, places, activities, colours, people, holidays, etc. Draw a big heart on a piece of paper. Fill your heart with pictures and words of everything you love!

Now that we have just did yoga, reading, and writing it is time for snack and recess.

Now it is snack time. Go and choose a healthy snack please. After snack, clean-up and go outside for recess. It is beautiful outside today, so enjoy the weather. Do not forget to tuck in your chairs and put your plates away.

I hope everyone enjoyed the fresh air, now it's Library Time. Go to Mrs.McDonald's Website and explore her library books and videos that she has for you guys.

Now its Lunch Time Students! Wash your hands and grab your lunch!

After lunch go outside for lunch recess.

Welcome Back Everyone, I hope you all had a good recess.

Now you have GYM class

Check out Mrs.McConnell's website: www.homehtshuskies.weebly.com

Let's get out our fancy math binders and start math class.

Number of the Day today is: Please go and print off your number of day sheet. Print off any 1 sheet and complete it.

Math Time: HAPPY DANCE TIME: Today's Math Lesson is on Subtraction NEW mental math strategies.

Step 1: Watch the video first. I love this video because it introduces the kids to 3 different mental math strategies for subtraction. Please choose one that you love and stick with that strategy.

Step 2: Please download your 12-page math booklet and complete pages 3 and 4 today. These two pages are all about counting on strategies and double strategies, but if you can solve your math questions using a different strategy then you can do that. I purposely give students lots of choices when it comes to solving math questions mentally. So, kids choose what strategy you like best for subtraction and use it to solve your math questions with.

If you guys need any help with today's math lesson, please email me. I am here to support all my families. So please email me if you have any questions.

Well it's 3:25- Time to pack up for home time and we will see you tomorrow kids. Stay Safe and Healthy! If you need any help with your assignments for today, please email me and I will be here to help you. Remember friends..... Mrs.Cyr is here to support you. Have a great night!

Love Your Grade 3 Teacher,

Mrs. Cyr
